

Graveyard

CLOVES

Lie to me
Tell that I'm complete
Tell me I'm not a freak
Cause I'm not so sure

You pay the price
When I take you for a ride
And I do apologies
Cause I know it's my fault

Baby, it's cold
And I can't get home

You're far away
Is it too late to hold ya?
My mistake, I just can't be alone
Your face to face
Cuts the time like a corner
Be my mistake, I just can't be alone

The end to me
Nothing but sweet relief
Give it to me slowly
And I'll finally cheers

Never wanted out
More then I do right now
I'll take the graveyard hours
Where the rules don't apply

Baby, it's cold
And I can't get home

You're far away
Is it too late to hold ya?
My mistake, I just can't be alone
Your face to face
Cuts the time like a corner
Be my mistake, I just can't be alone
