

## Screws

CLOVES

My bloody heart  
Won't stand up to you  
My fickle friend  
I always knew

Hmm, something don't feel right  
Inside and outside  
All of the time

Red light red light  
Fuck what you said  
I've got a couple of screws  
Loose in my head  
Real lives cut ties  
Yeah, yeah  
I've gone a couple steps  
Close to the edge

One bad bad seed  
Is planted in me  
Take cover from my own  
Anxiety

Hmm, something don't feel right  
Inside and outside  
All of the time

Red light red light  
Fuck what you said  
I've got a couple of screws  
Loose in my head  
Real lives cut ties  
Yeah, yeah  
I've gone a couple steps  
Close to the edge

Red light red light  
Fuck what you said  
I've got a couple of screws  
Loose in my head  
Real lives cut ties  
Yeah, yeah  
I've gone a couple steps  
Close to the edge

Hmm, something don't feel right  
Inside and outside  
All of the time

Red light red light  
Fuck what you said  
I've got a couple of screws  
Loose in my head  
Real lives cut ties  
Yeah, yeah  
I've gone a couple steps  
Close to the edge

Red light red light  
Fuck what you said  
I've got a couple of screws  
Loose in my head  
Real lives cut ties  
Yeah, yeah  
I've gone a couple steps  
Close to the edge

Yeah, yeah  
I've got a couple of screws  
Loose in my head  
Yeah, yeah  
I've got a couple of screws  
Loose in my head
