

# What's Going 'Round

Club Nouveau

I look at the world  
And I see something different  
There is a message that we've been missing

Life  
It keeps going  
The people not caring  
Hatred of life  
Is that what we're sharing?

I've tried to undo this  
But people won't listen  
Cold politicians turn to ass-kissing  
In foreign countries  
We're always fighting  
Vietnam again coming  
The heat is igniting

What's going 'round?  
Keeps going 'round and 'round  
And 'round  
What's going 'round  
Keeps going 'round and 'round  
And 'round

I see the preacher  
And he's on the TV  
I hate to say it  
But he tried to pimp me  
Asking for money  
He says for the kingdom  
I want to believe him  
But I have no reason

He's in the paper  
Misusing our money  
Got caught in the bedroom  
And not with his honey

People are dirty  
So cold and so ruthless  
The women that he's with  
Now she wants to use it

What's going 'round?  
Keeps going 'round and 'round  
And 'round  
What's going 'round  
Keeps going 'round and 'round  
And 'round

There is a wino  
He's always drinking  
Stoned in the alley  
Dirty and stinking  
People walk by him  
But they never listen

There is a message that we've been missing  
Folks always giving  
And others are taking  
Can't make a living high-rolling and faking  
I don't understand why people are fronting  
Material things ain't really nothing

What's going 'round?  
Keeps going 'round and 'round  
And 'round  
What's going 'round  
Keeps going 'round and 'round  
And 'round
