

Weird Times

Clutch

She radiated haute couture
Fancy machinery and free literature
Yet I knew something was not quite right
Disregarding that what was there not to like?

Weird times
Futurism is the loneliest job

The meter got to melting, the auditor screamed
Your thetan levels are far too extreme!
She ran the numbers, there was no mistake
You don't belong here, you must be from out of state!

Futurism is the loneliest job

I'm in the mood for technological innovation
The likes of which humanity has never seen
I'm in the mood for big time cosmic revelation
The likes of which would make you think more highly of me
