

## Slick

Clyde Carson

Yeah, I am directly on point, it's not approximate  
Caught a huddle, hat to wonder where the roster went  
A look closer when I dug through the documents  
I discovered that my [?] was total opposites  
Please exclude me from hatin' conversations  
But bottom Karma, we can make the Karma [?]  
I'm on [?], call waitin, I want both lines  
I'll be in my next life waitin' on some call signs, Nigga  
Slick nigga sippin', no slime  
I don't need them L's no'mo, but you can hold mine  
I ain't over there no'mo, I'm on my own time  
On clock, Caddy with 'em rim spins, on stop  
Finna round third, [?]  
You can borrow mine, you ain't [?] with your own clock  
We don't borrow time, free minutes, that's what we don't got  
DJ know, if you put me on than it's goin' pop  
For real!
