

# Wonderful

Clyde Carson

I'm standing high in the sky and you know I'ma shine  
Get out the way cause the world is mine  
I'm living wonderful  
I'm living wonderful  
Woah, woah, woah

25K spread all across the dresser  
House by the whites, ball players, and the actors  
Nowadays, this what you expect from a rapper  
But I ain't just a nigga you know  
(I ain't just a nigga, you know)

And that night life, back on broad street  
Where the pimps talk and the broads meet  
Uh, I guess the truth is I'm on my job  
It's lights, camera, action soon as it get dark  
Promote the show  
Behind closed...doors is the chores for all these hoes  
Who got the most is the hero  
Talkin bout a 10, not a 0

I'm standing high in the sky and you know I'ma shine  
Get out the way cause the world is mine  
I'm living wonderful  
(So if you wonder how I'm livin)  
I'm living wonderful  
(I know you wonder how I'm livin)  
Woah, woah, woah  
I'm standing high in the sky and you know I'ma shine  
Get out the way cause the world is mine  
I'm living wonderful  
(So if you wonder how I'm livin)  
I'm living wonderful  
(I know you wonder how I'm livin)  
Woah, woah, woah

Uh, ain't no love in the streets, no  
More for those soft and them weak...ones  
Uh, too much starving the appetite  
To let them prison walls pump fear tonight  
Taking chances for them E-Classes  
Them new Jaggins and a new Aston  
Tuh, I still laugh when I see you passing...sweatin hoes  
We living automatic

I'm standing high in the sky and you know I'ma shine  
Get out the way cause the world is mine  
I'm living wonderful  
(So if you wonder how I'm livin)  
I'm living wonderful  
(I know you wonder how I'm livin)  
Woah, woah, woah  
I'm standing high in the sky and you know I'ma shine  
Get out the way cause the world is mine  
I'm living wonderful  
(So if you wonder how I'm livin)  
I'm living wonderful

(I know you wonder how I'm livin)  
Woah, woah, woah
