

# Have Fun!

CMAT

One hundred bright green birds atop a Tesco in Clapham  
Me on you, it didn't make sense, but it happened  
Now I'm flying home just like I always do  
Back to business and far away from you

Oh, what are we like?  
You cracked an egg into my mouth  
Had me over to your house  
 Fucked your friends and fucked me out  
Oh, what am I like?  
I waited time and time again  
Always pecking like a hen  
That isn't fed, that isn't fed

So have fun, ooh, have fun  
Ooh, have fun, ooh, have fun  
'Cause I'm done, I-I'm done, I-I'm done

Five hundred and ten quid before bills out my purse  
Dublin back then was cheap, but it's never been worse  
I gave you all I had 'cause I believed in nests  
Huh, silly bitch, woo, you shoulda spent it on yourself

But that's what I'm like  
I stick my neck right out for love  
Give my beak and give my blood  
Only part of me that's good  
Oh, what are you like? Huh  
You did me wrong and lost out  
I'd wonder what you're up to now  
But I don't care, I don't care

So have fun, ooh, have fun  
Ooh, have fun, ooh, have fun  
'Cause I'm done, I-I'm done, I-I'm done

One hundred bright green birds  
One hundred bright green birds  
I think Jimi Hendrix, let him in  
I think Humphrey Bogart, let him in  
I think I don't care who, let 'em in  
I think I don't care, I don't care
