CMAT

I got a little too good at waiting for adventure so I stayed inside so long  
Waved my life so long  
Oh, now I'd take a breakup over daytime television

I did everything that Gwyneth asked of me  
I took all of that self-love on board  
Now I'm just bored  
Oh, what's the use of grounding  
With no one there around ya

I've been here before  
So afraid to fall  
Oh

But now I'm ready  
Ready  
Ready  
Ready for anything  
Now I'm ready  
Ready  
Ready  
Ready for anything

What do I do now  
I've gone way past missing out  
All I lost, I regret it  
It's gone now. Forget it  
Catch me in the back of the rickshaw screamin'

That I've been here before  
So afraid to fall  
And I've missed it all

But now I'm ready  
Ready  
Ready  
Ready for anything  
Now I'm ready  
Ready  
Ready  
Ready for anything

I don't think I'm being impatient  
Karma couldn't come too soon  
I wanna get back all the time wasted  
I've not much left to lose

And now I'm ready  
Ready  
Ready  
Ready for anything

Had a dream about a couple friends  
Old girls that I haven't seen in days  
Stuck still in a nightclub  
Stuck still with a hundred-mile gaze  
And I know it is impossible

But I feel 'em waiting for me there now  
Right now

But now I'm ready  
Ready  
Ready  
Ready for anything  
Now I'm ready  
Ready  
Ready  
Ready for anything

I don't think I'm being impatient  
Karma couldn't come too soon  
I wanna get back all the time wasted  
I've not much left to lose

But now I'm ready  
Ready  
Ready  
Ready for anything  
Oh, now I'm ready  
Ready  
Ready  
Ready for anything

Now I'm ready  
Ready  
Ready  
Ready for anything
