

Running/Planning

CMAT

I'd call you my baby
But it'd cause alarm
Call you my angel
But you've caused some harm
And there's nothing to ya
You're really not a man
You're just a vision
Some girl once had

Some girl in her bedroom
Practicing guitar
YouTube tutorials
Only go so far
She prayed to god in school
For a perfect friend
He looked just like you
Wonder where he went

I keep on running, planning
Running, planning, oh yeah
I keep on running, planning
Running, planning, oh yeah
I keep on running, planning
Running, planning, oh yeah
I keep on running, planning
Running, planning, yeah

I'm on the underground (Tube)
You're in the bath (Bubbles)
I'm legging after ya
But you can't turn back
Or I'll turn to read again
Moving in the lamps
That your ma will buy for us
If I take your hand

Then I'll rip the head off ya
Give it a new name
Buy it a Nintendo
Get it all the games
And I'll make 'em dance for us
To an old tune
Find it a girl to love
Who'll kinda do

I keep on running, planning
Running, planning, oh yeah
I keep on running, planning
Running, planning, oh yeah
I keep on running, planning
Running, planning, oh yeah
I keep on running, planning
Running, planning, yeah

It runs along on a loop
It runs along as is truth
Along the bottom of the news

That I'm not good enough for you
And I can't take care of anyone
'Cause all I have are smoking guns
The foot and mouth, Diana's gone
God bless my mouth and ginger mop

I keep on running, planning
Running, planning, oh yeah
I keep on running, planning
Running, planning, oh yeah
I keep on running, planning
Running, planning, oh yeah
I keep on running, planning
Running, planning, oh yeah
I keep on running, planning
Running, planning, oh yeah
I keep on running, planning
Running, planning, oh yeah
I keep on running, planning
Running, planning, oh yeah
I keep on running, planning
Running, planning, oh yeah
I keep on running, planning, yeah
