

When A Good Man Cries

CMAT

I waited for love
With a cricket bat
I got what I want
And I kicked it flat

You know what I'm like
You don't deserve it
Veruca Salt
Her just desserts

She kept it out
To show the world
And now it's sour like her mother

What do you do when a good man cries?
And you're the one to keep him up at night?
How could you do what you said you wouldn't do like all the other guys?
How do you act when the daddy's not home?
Dorian Graying if the door's closed?
And all that you say, it doesn't matter
'Cause you're crushing what you shouldn't hold

I hope it don't last
With our time so sore
I hope that I pass
And I get reborn

Well, I've never changed
But Lord, I'm tryna
The people's mess
Dunboyne Diana

All of my jokes have turned to prayers
Because they're scarred just like their mother

What do you do when a good man cries?
And you're the one to keep him up at night?
How could you do what you said you wouldn't do like all the other guys?
And how do you act when the daddy's not home?
Dorian Graying if the door's closed?
And all that you say, it doesn't matter
'Cause you're crushing what you shouldn't hold
Shouldn't hold

Oh, I can feel what I hated in dreams
Come on, give me a hand if you can help
Jesus, it's time
To be real, spin wheels
Kyrie Eleison

Oh, I can feel what I hated in dreams
Help me not hate myself
Help me love other people
Oh, I'll wear the beads, I'll read
Kyrie Eleison
