You confuse me, what is this?
You confuse me, what is this?
Why am I being like this?

Every morning, I reach out to you like a habit
Giving answers as if it'll stop
But won't
Honestly, I don't even remember half of it

We know each other better
Than two people who used to date each other
Like it's definite, like it's clear
We have words to call each other

Are you enjoying this distance?
You're too important to just joke around
Is this our end or our beginning?

You confuse me, what is this?
Our ambiguous temperature
You confuse me, what is this?
Why am I being like this?
Our ambiguous relationship
Gets me high
Gets me high

I can't breathe when I see you
I can only breathe when I see you
What should I do?
What are we?
Why am I being like this?
I think I know the answer
But I can't say it right now

Sometimes, during our conversation
We naturally touch each other
Leaving us with strange looks
And strange feelings

I wanna feel you more hotly
If it gets hotter, will we be able to handle it?
Is this our end or our beginning?

You confuse me, what is this?
Our ambiguous temperature
You confuse me, what is this?
Why am I being like this?
Our ambiguous relationship
Gets me high
Gets me high

I can't breathe when I see you
I can only breathe when I see you
What should I do?
What are we?
Why am I being like this?
I think I know the answer
But I can't say it right now

Girl you got me seeing double
Don't know why you're so much trouble
You take me and shake me up
But still, I like you

You confuse me, what is this?
Our ambiguous temperature
You confuse me, what is this?
Why am I being like this?
Our ambiguous relationship
Gets me high
Gets me high

I can't breathe when I see you
I can only breathe when I see you
What should I do?
What are we?

Why am I being like this?
I think I know the answer
But I can't say it right now

I think I know the answer
But I can't say it right now
I think I know the answer
But I can't say it right now
