

# Come On

CNBLUE

Come on

The dark covers me, I hear the ticking of the clock  
Hey, can you see me? (Hey, can you see me?)  
Yeah, I am waiting for some kind of miracle  
And, then, break away

Mitsuketai mitsukaranai  
Hon'no isshun ga

Come on over, come on over  
I only wanna see the light  
Come on over, stand by me  
Tsunagi au netsu ga  
Come on over, come on over  
Bokura terasunara  
Come on over, stand by me  
Hitotsu ni nareru hazudarou?

Come here to my fading star, now, I am alone  
Hey, can you see me? (Hey, can you see me?)  
Kiseki o motome  
Hitasura ni migaita yume

Mitsukaranai kumori no nai  
Miagerubeki sora

Come on over, come on over  
Now, I'm not afraid with you  
Come on over, stand by me

Come on over, come on over  
Karami attanara ahh  
Come on over, stand by me  
Urei mo tokasu hazudarou?

Come on over, come on over  
Be my mirror, be my sword
