Under the dark lights and the fun beat  
An aura shines out from you

Rather than your flashy dress and high heels  
Your elegance is more attractive to me

Let's go party tonight  
Your breathtaking footsteps  
Wanna know you  
I'll go to you step by step

Party tonight  
I want to dance with you  
I I tell you oh, stop right there

Lady, I'm not a bad person  
I want you lady  
This isn't a typical pick-up line, wait  
Lady, I'm not an easy person either  
I want you lady oh  
What's up with your answer

You're my lady, I know you like it too  
You're my lady, ha ha ha ha  
You're my baby, I'm different from other guys  
You're my baby hoo  
If not, try running away

I'll be your mind lady

You're cold toward guys and to your friends, no no  
Your aura surrounds you

Your cold way of talking, your cold smile  
I can't take my eyes off your elegance

Let's go party tonight  
Before this time passes  
Wanna know you  
I'll go to you step by step

Party tonight  
I want to tell you my heart  
I I tell you oh, stop right there

Lady, I'm not saying I love you  
I want you lady  
Let's get to know each other a little more  
Lady, it feels like time has stopped  
I want you lady oh  
What's up with the way you're looking at me?

You're my lady, stop pretending you didn't hear  
You're my lady ha ha ha ha  
You're my baby, I'm talking to you  
You're my baby hoo  
If not, try shaking me off

Lady, I'm not a bad person  
I want you lady
