

# Let's Go Crazy

CNBLUE

Let's go crazy  
Let's go crazy  
Let's go crazy

I can feel the hit in my flesh and bone  
I don't wanna be here on my own  
Might miss a chance turning every stone  
A moment or two and it's gone

I only wanna play for fun  
Come let's get together every one  
If you wanna know, stay till the end  
I could be lover or a friend

I'll be damned if I do  
I'll be damned if I don't do too  
I find a way to get through  
That is you

Let's go crazy you gotta show, oh baby  
Let's go crazy go with the flow and maybe  
Not so hasty takin' it slow it's so easy and let us go crazy ag  
ain

Some of the days gonna pass you by  
Not always great and you don't know why  
I will if you up till you touch the sky  
Cause I'm gonna make you fly

I'll be damned if I do  
I'll be damned if I don't do too  
I find a way to get through  
That is you

Let's go crazy you gotta show, oh baby  
Let's go crazy go with the flow and maybe  
Not so hasty takin' it slow it's so easy and let us go crazy ag  
ain

I'm gonna go break now I'm gonna uh go break now  
I'm gonna go break now I'm gonna go uh uh uh woo

Let's go crazy (crazy) baby, let's go crazy (crazy)  
Oh baby, let's go crazy (crazy)  
It's so easy and let's go crazy again, oh!
