

One Time

CNBLUE

I don't know why I'm here
But, baby, even though we fail, it's worth (Fail, it's worth)
I know you know it is all about my music
Music changes our life in the dark
I can change your thoughts (Change your thoughts)
I know you know your life is also the same music, that is my boo (Uh, uh, uh
)

Boom-boom-tap, boom-boom-tap
Step by step and you don't care
I-I just like mic, guitar, bass, drum, kick, snare
Check up, the one day
Four mans walked on street in my dream
What bad at the time may actually
Be a blessing, I just keep on
Keep-keep-keep it, keep it, keep it real

Everywhere we want to go
Everywhere you want to go
One time, one time
We could feel tired at one time
I don't care about it either
Give me a few more minutes
One time, one time
I'll show you what I can be, the top of the world

I don't know much about the music
Even though we fail, it's worth (Fail, it's worth)
I know you know it is all about my music
It changes our lives with the change of seasons
You also change the lives (Change the lives)
I know you know your life is also the same music, that is my boo

Boom-boom-tap, boom-boom-tap
Everyday, everywhere, we-we will do
How we do? Just keep it real (Keep it real)
That is our spirit, we need to heal
One way, yo, only one way
I had nothing on except for my socks
But I'll show you everything and I make you
We-we-we-we-we-we make you high

Everywhere we want to go
Everywhere you want to go
One time, one time
We could feel tired at one time
I don't care about it either
Give me a few more minutes
One time, one time
I'll show you what I can be, the top of the world

What, what, what?
I can do it, look at me, slow down and down (Slow down)
What, what, what?
Can't stop, I'm ready, I will do relax your mind (Ha-ha-ha)
What, what, what? (What? Yeah)
I can do it, look at me, slow down and down

Are you ready? Yes, sir, let's go to the world
Ready? Yes, sir, top of the world

Everywhere we want to go
Everywhere you want to go
One time, one time
We could feel tired at one time
I don't care about it either
Give me a few more minutes
One time, one time
I'll show you what I can be, the top of the world
Everywhere we want to go (Want to go)
Everywhere you want to go (To go)
One time, one time
We could feel tired at one time (At that one time, oh, yeah)
I don't care about it either (Woah-oah, yeah)
Give me a few more minutes
One time (One time), one time
I'll show you what I can be, the top of the world

Top of the world
Du-du-ru-du-du, da-ra-na-a
Na-na-na-na-na-na-na
Top of the world (Top of the world)
