Among the loud cheers
Among the countless eyes
Lift up your head, with your fears

Someone somewhere will disappear
But it won't be me, I tell myself

It's royal rumble
Endless sorrow
Everything's a bubble
Like a short dream

Even the sweet breaks are bitter
In this survival
Maybe I want it to end too

A cycle of endless pain
Inside a new competition
Bruises are harder to endure than the end

The ring strikes again
Too late to calm my heart

I'm suffocating, silently screaming

It's royal rumble

It's coming again, shadow

The day I realized, it swallowed me

Inside moments that change again

Black white

Maybe I want it to end too

Open your eyes, open your eyes

It's royal rumble

No choice but to endure

Everyone go on

They become selfish

It's royal rumble

Endless sorrow

Everything's a bubble

Like a short dream

Even the sweet breaks are bitter

In this survival

Maybe I want it to end too
