Slaves

CNBLUE

Cellphones once rushed upon my mind
And it takes up my time all day long
Can I live without my phone? No!
Nobody wants to be like this

Look at me. I don't wanna
Be unstable, but after 10 minutes
Look at me. If it calls me
I wonder if my phone is fine
Oh, my god!

What is wrong?
There was no phone when I was young
But how about me now?
Yes, I'm just its slave. Let me be free
I wanna go back, I'm just a slave. No!

No no no no no no no
I'm just a slave. No!
No no no no no no no
I wanna go back
I'm just a slave. No!

Cellphones once rushed upon my mind
And it takes up my time all day long
Can I live without my phone? No!
Want everybody to go back now

Look at me. I don't wanna
Be unstable, but after 10 minutes
Look at me. If it calls me
I wonder if my phone is fine
Oh, my god!

Without cellphones, that's ok?
I really need my own time
Can I live without phones? No, no

There was no phone when I was young
But how about me now?
Yes, I'm just its slave. Let me be free
No, no I'm just a slave. No yeah

There was no phone when I was young
But how about me now?
Yes, I'm just its slave. Let me be free
I wanna go back, I'm just a slave. No!

There was no phone when I was young
But how about me now?
Yes, I'm just its slave. Let me be free
I wanna go back, I'm just a slave. No!

No no no no no no no
I'm just a slave. No!
No no no no no no no
I wanna go back

I'm just a slave. No!
