

Wake Up

CNBLUE

You need to be yourself
You can't be no one else
You need to find out
You can't be "Oasis"
You can't be "Bon Jovi"
You need to be yourself

I wanna go, I wanna try
"Why not?" The answer's just the same
I wanna go, I wanna try
Yes, I stand firm on my views

Hey, baby, wake up, wake up, you're a copycat
Wake up, wake up, listen up
Wake up, wake up, hey, can you hear?
Wake up, wake up, you're a coward
Get, get away
Now, I don't care about you
Now, I don't care what you say, yeah
Get, get away
Yes, it is none of your business

What do you want to be?
You can't be no one else
You need to find out
Hey, baby, don't show off
You can't be no one else
You need to find out

I wanna go, I wanna try
"Why not?" The answer's just the same
I wanna go, I wanna try
Yes, I stand firm on my views

Hey, baby, wake up, wake up, you're a copycat
Wake up, wake up, listen up
Wake up, wake up, hey, can you hear?
Wake up, wake up, you're a coward
Get, get away
Now, I don't care about you
Now, I don't care what you say, yeah
Get, get away
Yes, it is none of your business

Hey, baby, wake up, wake up, you're a copycat
Wake up, wake up, listen up
Wake up, wake up, hey, can you hear?
Wake up, wake up, you're a coward
Get, get away
Now, I don't care about you
Now, I don't care what you say, yeah
Get, get away
Yes, it is none of your business
