

Notion

Coal Chamber

There is goes it goes with her.
it never leaves so easily
and there it goes it goes with him.
it never leaves so easily
and thoughts come.
and thoughts go.
tear people apart who don't know
it's just a notion that comes to me
here it comes it comes to her.
it doesn't come so easily
and here it comes it comes with him.
it doesn't come so easily
and thoughts come.
and thought go.
tear people apart who don't know
it's just a notion that comes to me...
