

Moonlight over the water, it's just you and me
Midnight, floating together like a melody

There's a fire in my head
'Luminate the words you said
Can't believe it, am I dreaming
I just feel like, this ain't real life, whoa

We're alone and we're alive
So take my hand, let's take a

Dive
Don't hold your breath
We're jumping in, dipping in the pool of
Life
The water's right
It's sinking in
Baby this is paradise

Sunrise over my shoulder, reflected in your eyes
Untied, we do what we wanna
Drifting in the wind, don't know where this will end up

There's a fire in my head (Fire in my head)
Going wild over things we did (All the things we did)
Can't believe it, am I dreaming
I just feel like, this ain't real life, whoa

So take my hand, let's take a

Dive
Don't hold your breath
We're jumping in, dipping in the pool of
Life
The water's right
It's sinking in
Baby this is paradise

Don't let me go
Won't let you
Not even for a minute, too deep in it
Don't let me go
Won't let you
Not even for a minute, not even for a minute

So take my hand, let's take a

Dive
Don't hold your breath
We're jumping in, dipping in the pool of
Life
The water's right
It's sinking in
Baby this is paradise
