

Going Down

Coast Modern

I'm going down, deeper still
I can barely breathe
Spinning 'round, losing myself
Swallowed by the reef

Hear the siren call my name
I feel so warm inside
Drifting into the light
All my life before my eyes
Saltwater on your skin
I'll never taste again

No, not today, I won't be brought down
I didn't come this far just to lose it now
I won't go underground
I'm not ready, I'm not ready

I'm going down deeper still
Reaching for the sky
We were in love way back when
Bring me back to life

Hear the siren call my name
I feel so warm inside
Drifting into the light

No, not today, I won't be brought down
I didn't come this far just to lose it now
I won't go underground, I won't go underground
Til' I'm ready, I'm not ready

No, not today, I won't be brought down
I didn't come this far just to lose it now
I won't go underground, I won't go underground
I won't go underground
Til' I'm ready, I'm not ready
