

Hula Hoopin

Coast Modern

Sleepin' 'til about noon sometimes
7-11's got chips
Flippin' through on the television
Switchin' now to Netflix
Lookin' out for a beating sign
Something hard in my chest
Thinkin' 'bout all the love I lost
Dwelling on my regrets

Uh, I guess I, um, well

(No, no, no, no)
And the sun's behind the clouds
(No, no, no, no)
The grass is always greener 'til it's brown
So I looked inside and found

(Hula Hoopin)
The sun behind the clouds yeah, yeah
(Hula Hoopin)
Smilin' from ear to ear
(Hula Hoopin)
You can swang in the middle of the bad
(Hula Hoopin)
Come on get back in your orbit now
Come on get back in your orbit, yeah

So back to the story now
I guess I should move on
But I wanna keep talkin' 'bout myself
At least I got someone to listen
Do you hear where the sadness lies
By the tone in my voice
But I swear it gets better, kids
'Cause I had a choice and I went outside

(No, no, no, no)
The sun, oh, it's peakin' from the clouds
(No, no, no, no)
The grass is turnin' green all around, my friend,
When I looked inside I found

(Hula Hoopin) Hula hoopin', yeah
The sun behind the clouds yeah, yeah
(Hula Hoopin)
Smilin' from ear to ear
(Hula Hoopin)
You can swang in the middle of the bad
(Hula Hoopin)
Come on get back in your orbit now
Come on get back in your orbit, yeah

Good mornin', Jericho, rise and shine
What you mean, you can't perform? The chorus is in ten seconds
Well, I know you're a little horse, that's why I hired ya
Oh, okay, alright, I see ya
Yeah, that's right, Jericho, you got this

Get out there, boy
Get, get, get

The sun behind the clouds yeah, yeah
Smilin' from ear to ear
You can swang in the middle of the bad
Come on get back in your orbit now
Come on get back in your orbit, yeah

The sun behind the clouds yeah, yeah
Smilin' from ear to ear
You can swang in the middle of the bad
Come on get back in your orbit now
Come on get back in your orbit, yeah
