

# Tidal Wave

Coast Modern

Welcome to your life  
You got a new set of eyes  
It's a whole new paradigm  
Gotta big one on the line swimmin' in your mind's eye

You've been waiting for ya your whole life  
Why you playin' on the shore when you could ride beyond the tide

"Do you see that wave in the distance?  
It looks pretty big"

Oh, don't panic  
You didn't plan it  
You gotta ride the tidal wave  
Whoa, so slanted  
You can barely stand it  
You gotta ride the tidal wave  
It's that feeling for real  
Gotta feel it for real, yeah  
This the kind of shit to put a spark in your ear, like  
Oh, don't panic  
You can barely stand it  
You gotta ride a tidal wave

Come and see the light  
Rip a really big pipe  
Enough with conversation  
If you think you wanna fly then you best make up your mind  
(Get in the water)  
You look like you need a vacation  
(Ride it harder)  
You need a new you celebration  
(It's getting hotter and hotter)  
We're all waiting on the big one  
Here it comes, here it comes

"Dude, I feel like my head's gonna explode"

Oh, don't panic  
You didn't plan it  
You gotta ride the tidal wave  
Whoa, so slanted  
You can barely stand it  
You gotta ride the tidal wave  
It's that feeling for real  
Gotta feel it for real, yeah  
This the kind of shit to put a spark in your ear, like  
Oh, don't panic  
You can barely stand it  
You gotta ride a tidal wave

Gotta ride that way-way-wave  
Gotta ride that way-way-wave  
Gotta ride that way-way-wave  
Gotta ride that way-way-wave  
Into the sunset

Oh, don't panic  
You didn't plan it  
You gotta ride the tidal wave  
Whoa, so slanted  
You can barely stand it  
You gotta ride the tidal wave  
It's that feeling for real  
Gotta feel it for real  
This the kind of shit to put a spark in your ear, like  
Oh, don't panic  
You can barely stand it  
You gotta ride a tidal wave
