

Oh, I thought that you were in disguise
When the summer was in your eyes
But we are a loveless all the same
Temptations means that we might fall apart
But with the weight of my concrete heart
You'll emerge from the dark jungle of love

I said I want you to stay
'Cause baby, you're all that I know
I said I want you to stay
Stay with me
Stay, stay with me
Stay, stay with me

Oh, I thought that you were in the sky
When the sun was so high
And now I watch you slip away

I said I want you to stay
'Cause baby, you're all that I know
I said I want you to stay
Stay with me
Stay, stay with me
Stay, stay with me

No one else can believe that we're breaking,
We're breaking
Lonely as ever before, I can't shake it,
Shake it

And now I want you to stay
'Cause we've got too much to let go
I said I want you to stay
Stay with me
Stay, stay with me
Stay, stay with me
