

## Darker Than Dawn

Cobi

Oh, got my hands tied around my back  
And time put a rope around my head  
And hung from the rafters of my fear  
Dark in the eyes

Tryna face the world, I can't bare to  
My knees hit the ground and my hands start shaking  
Old feelings from new faces  
A rope on the floor and a poor man hanging

Please help me chop this tree down  
Hold me from underneath  
Words never once cut me down  
Oh, don't you cry for me

I've seen a notion run away  
I'm torn from the truth that holds my soul  
I'm down in the grave where I belong  
Oh, what a ride

I dare to fight my devil  
Wings to the sky on the run from trouble  
With my own hands, no shovel  
I dug in the ground, now I'm hanging above saying

Please help me chop this tree down  
Hold me from underneath  
Words never once cut me down  
Oh, don't you cry for me

Down by the grave that the law man laid  
When the gravel got paved, finally I'm saved  
Down by the grave that the law man laid  
When the gravel got paved, finally I'm saved  
When the sun went down  
Down by the grave that the law man laid  
When the gravel got paved, finally I'm saved  
It set the sky on fire  
Down by the grave that the law man laid  
When the gravel got paved, finally I'm saved  
I saw an angel fly  
Down by the grave that the law man laid  
When the gravel got paved, finally I'm saved  
I never felt so high  
Down by the grave that the law man laid  
When the gravel got paved, finally I'm saved

Please help me chop this tree down  
Hold me from underneath  
Words never once cut me down  
Oh, don't you cry for me
