

Dopamine

Cobi

You're the reason why I
Crashed so hard

Took me to the sky and
Got me higher than I'd never gone

I knew it'd be my death, just like the rest
Who got too close to the sun

I knew I'd never get this high again
Not with anyone

Oh
Dopamine
You've got your hooks in me
The way you hit me with dopamine
Set me free

Getting hard to manage
All the times I go from high to low

Bipolar and manic not the way
Life is supposed to go

You made me an addict
Now I'm tragically attached
There is no hope, for me

I will go wreak havoc if I can't have you
Right now in my blood stream

Oh
Dopamine
You've got your hooks in me
Oh hit me with dopamine
Set me free
Baby

Oh
Dopamine
You've got your hooks in me
Oh hit me with dopamine
Set me free
Baby
Dopamine
You've got your hooks in me
The way you hit me with dopamine
Oh set me free
