

# Drifting Aimlessly

Cobi

Airplane  
So slow  
Glad I got high  
Before I go  
Chasing my tail  
In a rat race  
Going from place to place  
Keep thinking I see your face

My heart  
Can only go so far  
Before I start over again  
Right back to where I began  
I'm in no rush  
Wherever I end up  
You haunt me endlessly  
I'm drifting aimlessly

Sauvignon blanc  
Served cold  
Get a little drunk  
Helps the time go  
In and out of phase  
An old soul  
Going from place to place  
See you again someday

My heart  
Can only go so far  
Before I start over again  
Right back to where I began  
I'm in no rush  
Wherever I end up  
You haunt me endlessly  
I'm drifting aimlessly

My heart  
Can only go so far  
Before I start over again  
Right back to where I began  
I'm in no rush  
Wherever I end up  
You haunt me endlessly  
I'm drifting aimlessly
