

# Keep Climbing

Cobi

Sometimes I'm just a no-good cheater  
A low down bottom feeder  
Wanna aim for something higher  
I'm just a man  
I was not much of a believe  
You showed me something deeper  
My load is so much lighter when you give a hand

Keep climbing  
Keep moving  
Keep reaching  
For heaven  
Keep rising  
Rising  
To finish  
What we started

If I could get another hour  
To bring back my father  
I'd ask him for the answers  
We never found  
If I had half a billion dollars  
Would it make me that much taller?  
He'd say "look to your daughter, remind your soul"

Keep climbing (climbing)  
Keep moving (moving)  
Keep reaching (reaching)  
For heaven (heaven)  
Keep rising (rising)  
Rising (rising)  
To finish (finish)  
What we started

Keep climbing  
Keep moving  
Keep reaching  
For heaven  
Keep climbing  
Keep moving  
Keep reaching  
For heaven  
Keep climbing  
Keep moving  
Keep reaching  
For heaven  
Keep climbing (climbing)  
Keep moving (moving)  
Keep reaching (reaching)  
For heaven (heaven)
