

## Make It Right

Cobi

Walking down desolation road  
You and I made it through some battles though  
When nothing else survived  
It seems we ain't loved by fate no more  
We may have won some battles but we lost the war  
Can't win against father time  
And I can tell you all I know  
But I can never tell you why

Don't say goodbye  
We gotta make it right  
We gotta make it right  
I

Keeping my demons at the door  
I told them they ain't welcome here anymore  
I made a sacrifice  
You knew that I would follow you  
Been running through the long dark nights

Don't say goodbye  
We gotta make it right  
We gotta make it right

Don't say goodbye  
We gotta make it right  
We gotta make it right  
I

We gotta make it right  
We gotta make it right

Don't say goodbye  
You're gonna make me cry  
You're gonna make me cry  
Yeah

Don't say goodbye  
We gotta make it right  
We gotta make it right
