

Temptation

Cobi

I can't pretend it don't bother me
Why does it have to be so damn hard for me
Grapes are on the vine
Snakes are in the garden
It's all forbidden for me

Temptation
Doing some reflecting
I've been disconnected
Temptation
So much overthinking
I've just got to put down my phone
Temptation
I haven't learned my lesson
I keep on making messes
Temptation
I hope I have your blessing
Gonna do it even if I don't

I wanna call you but I know it's wrong
The damage we'd do
Would be worse than the damage we've already done
I can't have you so I want you more
It's all taboo for me

Temptation
Doing some reflecting
I've been disconnected
Temptation
So much overthinking
I've just got to put down my phone
Temptation
I haven't learned my lesson
I keep on making messes
Temptation
I hope I have your blessing
Gonna do it even if I don't

Can't have you
More
Give me more
Give me more
Give me more
Can't have you
More
Can't have you
More
Give me more
Give me more
Give me more
Can't have you
More

Damn
Temptation
Doing some reflecting
I've been disconnected

Temptation
So much overthinking
I've just got to put down my phone
Temptation
I haven't learned my lesson
I keep on making messes
Temptation
I hope I have your blessing
Gonna do it even if I don't
