

Ode To Jefferson

Cobra Skulls

I don't f**k with your bible, well don't f**k with my
constitution!

That we wrote, we wrote,

We wrote for our protection from police persecution,

Brutalist economy, we sailed across the sea,

Your 10 commandments can't command me.

Stay the f**k out, stay the f**k out, stay the f**k out,
if you think your 10 commandments command me, stay the
f**k out!
