

Thicker Than Water

Cobra Skulls

Am I the end?
Am I the beginning?
Or am I just a product of infidelity
Between and immigrant and a rich girl?
You better never make
The same fucking mistake
Was the first thing I failed in this world

But I've made every mistake today
I guess I never really took a warning seriously
You'll live your life for yourself
If you make the same mistake your own way

Mi viejo llego
Contra consuelo
Mi viejo llego con el mismo sueño
De los putos estados unidos
De lavaplatos a su propio dueno
Pero ya todo esta perdido

Como cuestan los acuerdos
La fiesta cuesta mas (Cuanta miseria)
Quiero que seas mejor que yo me dijo
Pero se que mala sangre llevas

Mama was playing acoustic guitar
And singing songs by Dylan and Baez
Mama was singing and playing guitar
Up in a restaurant in laurel canyon
Had the opportunities that most of us don't
But she lived a life of reckless abandon

And I've made the same mistake today
I guess I never really took a warning seriously
You'll live your life for yourself
If you make the same mistake your own way
