

# You're Not In On the Joke

Cobra Starship

Don't take them faces at their value  
in a cynical town  
Can't you smell the stale air?  
I had no skill but i had heart  
so then I turned it around  
So just remember:

I'm no cynic, you know I'm just getting bored  
I'm no cynic; you know I got a heart of gold

They say I'm cold  
cold  
cold  
Oh baby why so cold?

I'm super sweet; sealed with a kiss  
Don't get offended if there's something you missed

I only show you what I want you to see  
I got my t-t-t-t-tongue in my cheek  
If you see them laughing  
Don't follow in  
Cause they're the butt of my joke

I'll always be just who you want me to be  
And keep my t-t-t-t-tongue in my cheek  
A hopeless romantic  
You'll never see  
Cause you're not in on the joke

I got my picture in the paper  
and my parents were proud:  
"Hey kid, that's not a bad job yeah"  
Next thing you know  
peculiar faces start hanging around  
Dear lord, can you spare me?

I've got just one side to show you all:  
My ass is awesome  
so smile when you're kissing it

They say I'm cold  
cold  
cold  
Gabey baby you so cold!

I'm super sweet sealed with a kiss,  
Call your professor  
if there's something you missed

I only show you what I want you to see  
I got my t-t-t-t-tongue in my cheek  
If you see them laughing  
Don't follow in  
Cause they're the butt of my joke

I'll always be just who you want me to be

And keep my t-t-t-t-tongue in my cheek  
A hopeless romantic  
You'll never see  
Cause you're not in on the joke

No you don't know  
You don't know me  
No you don't know  
You don't know me  
No you don't know me

No, oh, no, oh

I only show you what I want you to see  
I got my t-t-t-t-tongue in my cheek  
If you see them laughing  
Don't follow in  
Cause they're the butt of my joke

I'll always be just who you want me to be  
And keep my t-t-t-t-tongue in my cheek  
A hopeless romantic  
You'll never see  
Cause you're not in on the joke
