Shut me up, say my name, Cellophane
Tie me down, fuck it up, come again
Sweat it out mmh when I penetrate
Pressure's on, turn it up, activate
Shut me up, say my name, Cellophane
Tie me down, fuck it up, come again
Sweat it out mmh when I penetrate
Pressure's on, turn it up, activate

Motomami vroom vroom in my headphones
My body need that boom in the bedroom
He likes my perfume and the costume
I just want it for the fun every red moon
I just need a good pump in the guestroom
Teach me what you want I'm a classroom
Tell me something sick, give the real truth
And If it's too quick, we can improve

I need a boss who can lead me
Strong, long hair, bikini
Wet and wild real steamy
Hard as hell it's freaky
Muscles, tight sleek pony
Push it want it own it
Loves it when I'm moaning
Give it baby, show it

Shut me up, say my name, Cellophane
Tie me down, fuck it up, come again
Sweat it out mmh when I penetrate
Pressure's on, turn it up, activate
Shut me up, say my name, Cellophane

Dressed up head to toe, dom
I just bought the booze and the boots get 'em on
Baby gotta give love show me what you got
I run real hot when he eat my apricot
Eat my bodycream, eat my cherry pie
I'm the woman of your dreams and the mistress in the night
You wanted me to scream I'm gonna do it right
Ripping all the seams and turning out the lights

I need a boss who can lead me
Strong, long hair, bikini
Wet and wild real steamy
Hard as hell it's freaky
Muscles, tight sleek pony
Push it want it own it
Loves it when I'm moaning
Give it baby show it
