

Charming

COBRAH

You don't wanna talk to anybody
Staying up too late, too late, never call me
Only wanna, uh, someplace where it's naughty
You know that you're shit, and you know that it's charming

'Cause I like you
I like you
'Cause I like you
I like you, yeah

Tell me whatever you're feeling
Come on, baby, show it
It's not like I don't know your secret
I don't care about it

'Cause I've tried to be sweet, tried to be real
Uh, I've tried to stay cool, I'd do that for you
It's so stupid of me, playing to be
I'm too good to be true, too good to you

You don't wanna talk to anybody
Staying up too late, too late, never call me
Only wanna, uh, someplace where it's naughty
You know that you're shit, and you know that it's charming

'Cause I like you
I like you
'Cause I like you
I like you, yeah

'Cause I like you
I like you
'Cause I like you
I like you, yeah
