

DEBUT

COBRAH

Oh girl
Wants a debut
Said it's cool
But I can't see you
Want it badly
But got no clue
What you do need
Or what to do
Oh girl
You want someone
That can give you
What you want to
I know just the
Thing we can do
You just let me
Show you how to

Want it
Want it

Oh girl
Wants a debut
Said it's cool
But I can't see you
Want it badly
But got no clue
What you do need
Or what to do
Oh girl
You want someone
That can give you
What you want to
I know just the
Thing we can do
You just let me
Show you how to

You wanna feel nice
Let your hair down
You wanna see clouds
Wuthering heights
I know you feel lost
Wanna rebound?
Rush down your spine
I see in your eyes

Oh girl
You want someone
That can give you
What you want to
I know just the
Thing we can do
You just let me
Show you how to

Want it
Want it

Oh girl
Wants a debut
Said it's cool
But I can't see you
Want it badly
But got no clue
What you do need
Or what to do
Oh girl
You want someone
That can give you
What you want to
I know just the
Thing we can do
You just let me
Show you how to

You wanna feel nice
You wanna see clouds
I know you feel lost
Wanna rebound?
Rush down your spine
I see in your eyes

Oh girl
Wants a debut
Said it's cool

Want it
Want it
