

## Dog

COBRAH

I want a dog, I want a puppy  
I want a life together, you just wanna fuck me  
I want a house up on the hillside  
I want to die together, you just wanna feel my-

I wanna die  
Uh

Gimme soft touch, I  
Like it real posh, I  
Take it all off, full-front  
I eat you for lunch, I  
Can't get it enough  
Feel your heat and I'm fucked  
Just enjoy what you got  
Then we could have it all

I want a dog, I want a puppy  
I want a life together, you just wanna fuck me  
I want a house up on the hillside  
I want to die together, you just wanna feel my-

I wanna die  
Uh

Eat me out, keep it sweet, all I am is incomplete  
Get me loud pleasing me, but I just want your sympathy  
Bigger rooms, bigger pool, baby, it could be us too  
I'll do you good, understood, just come with me to Hollywood

I want a dog, I want a puppy  
I want a life together, you just wanna fuck me  
I want a house up on the hillside  
I want to die together, you just wanna feel my-

I wanna die  
Uh
