GLUE

COBRAH

She fills me up with glue that
Only sticks on me
I drink so I can

Pull myself together
Pull myself together

But don't forget the pieces of you
You left inside of me
I puke so that I can

Put myself together
Put myself together

I do it hard (Do it hard)
Do you hard (Hard, hard)
Feel it hard (Hard, hard)
You do me harder
Fill me up (Fill me up, me up)
Push it down (Push it down)
I drink so that (Drink so that)
I can

She fills me up with glue that
Only sticks on me

Pull myself together
Pull myself together
Pull myself together
Pull myself together
