

# Hush

COBRAH

Sweep me in night time  
Tell me I taste nice  
Venomous, divine  
Wide eyes  
Don't rush, don't rush  
Tongue in tongue limbo  
Whispering things I'd do to you  
Seeing me see through  
I like when you're bending over me  
(You) Cheek to cheek  
(With me) My technique  
(You feel) So unique  
Come leaning into me

Breathing hush, hush, hush  
I feel too much, feel it deepen  
I'm gonna crush, crush, crush  
You kiss me and I'm falling for the weekend  
Call it rush, rush, rush  
Touch me and I feel a little weaker  
Breathing hush, hush, hush  
Text me if you're feeling sick of speaking

Hush, hush, hush, hush  
Kiss, kiss (Call it rush)  
Rush, rush, rush, rush  
Kiss, kiss (Kiss kiss)  
Hush, hush, hush, hush  
Kiss, kiss (Call it rush)  
Rush, rush, rush, rush  
Kiss, kiss

Got your tongue on my lips (Uh)  
Got your hands on my tits (Uh)  
Let my thong hit on the floor (Uh)  
Push my back 'gainst the wall (Uh)  
Getting down like you're honest to god (Uh)  
Eat it up like whole monologue (Uh)  
Don't lock the door 'cause I like how it feels  
Baby, you're gorge and I want something real like  
(You) Cheek to cheek  
(With me) My technique  
(You feel) So unique  
Come leaning into me

Breathing hush, hush, hush  
I feel too much, feel it deepen  
I'm gonna crush, crush, crush  
You kiss me and I'm falling for the weekend  
Call it rush, rush, rush  
Touch me and I feel a little weaker  
Breathing hush, hush, hush  
Text me if you're feeling sick of speaking

Hush, hush, hush, hush  
Kiss, kiss (Call it rush)  
Rush, rush, rush, rush

Kiss, kiss (Kiss kiss)  
Hush, hush, hush, hush  
Kiss, kiss (Call it rush)  
Rush, rush, rush, rush  
Kiss, kiss

You know I don't wanna talk (Hush)  
Touch me if you're (Kiss kiss)  
Tell me, what's your name? (Hush)  
Text me if you're (Kiss kiss)  
When you're all alone (Hush)  
I just wanna (Kiss kiss)  
We don't need to talk (Hush)  
Touch me if you're (Kiss kiss)

Breathing hush, hush, hush  
I feel too much, feel it deeper  
I'm gonna crush, crush, crush  
Text me if you're feeling sick of speaking

Hush, hush
