

I don't fucking know anymore  
I don't fucking know anymore  
I don't fucking know anymore  
I don't fucking know anymore  
Don't fucking know anymore  
I don't fucking know anymore  
I don't fucking know anymore  
I don't fucking know-ow-ow

Light my head up high, like a cobra  
Open my mind wide, like Yoda  
Strip down, don't look over your shoulder  
Whiplash, burn marks  
I just don't

Fucked my head until I got sore  
Lost it, punched him down on the floor  
Fucked him back, got Stockholm syndrome  
I don't fucking know anymore

Fucked my head until I got sore  
Lost it, punched him down on the floor  
Fucked him back, got Stockholm syndrome  
I don't fucking know anymore

I don't fucking know anymore  
I don't fucking know anymore  
I don't fucking know anymore  
I don't fucking know any-  
Don't fucking know anymore  
I don't fucking know anymore  
I don't fucking know anymore  
I don't fucking know-ow-ow  
Don't know anymore  
I don't fucking know anymore  
I don't fucking

Strip down, don't look over your shoulder  
Whiplash, burn marks  
I just don't

Fucked my head until I got sore  
Lost it, punched him down on the floor  
Fucked him back, got Stockholm syndrome  
I don't fucking know anymore
