COBRAH

You know I'm
Tell 'em I'm

In your head and I'm on your phone
At the show and I sit front row
Stone cold when I strike a pose in a brand promo
If you know, you know
I can give a little face to face
I can give a little taste of fame
New games but I play the same, I just show my shape
And it's all it takes

You wanna do like I do, could you?
Look like I look, brand new
Move like I move, uh-uh
If you knew you could, you would
Do like I do, could you?
Look like I look, brand new
Move like I move, uh-uh

Why settle for gold when you know I'm
Platinum, platinum, platinum, platinum, platinum, platinum, platinum?
Tell 'em I'm
Platinum, platinum, platinum, platinum, platinum, platinum, platinum
You know I'm
Platinum, platinum, platinum, platinum, platinum, platinum, platinum
Tell 'em I'm
Platinum, platinum, platinum, platinum, platinum, platinum, platinum

Get in touch, I know you want to feel
Take too much so you know I'm real
Getting closer, want me all over, I want a grower that gets it done
I've been running over this terrain, I
I've been killing it, it's inhumane
New ways but I stay the same, I just show my shape, and it's all it takes

You wanna do like I do, could you?
Look like I look, brand new
Move like I move, uh-uh
If you knew you could, you would
Do like I do, could you?
Look like I look, brand new
Move like I move, uh-uh

Why settle for gold when you know I'm
Platinum, platinum, platinum, platinum, platinum, platinum, platinum?
Tell 'em I'm
Platinum, platinum, platinum, platinum, platinum, platinum, platinum
You know I'm
Platinum, platinum, platinum, platinum, platinum, platinum, platinum
Tell 'em I'm
Platinum, platinum, platinum, platinum, platinum, platinum, platinum

Why settle for her, why settle for him?
Now when you got me
Why settle for her, why settle for them?
Now when you got, uh-uh

Why settle for her, why settle for him?
Now when you got me
Why settle for her, why settle for them?
Now when you got, uh-uh

You know I'm
You know I'm
You know I'm
You know I'm
