

# Really Hard

COBRAH

Hit me with a car  
Hit me really hard  
Swerving 'round and 'round  
Rolling with the waves  
Kinda feel like we've  
Been drifting anyway  
Crush me with a truck  
Hit me once again

Can't kiss you anyway  
I've just smudged up all my lip gloss  
Take me to the show  
Gotta show them I still hit hard  
And I can't breathe overseas  
Can't reach my big heart  
Pumping in veins  
I just feel it pulsing real hard

Hit me with a car  
Hit me really hard  
Swerving 'round and 'round  
Rolling with the waves  
Kinda feel like we've  
Been drifting anyway  
Crush me with a truck  
Hit me once again

I'm over here, closer  
Nightmares, focus  
What you waiting for? I'm all yours  
Headlights, Dozer
