Cochise

I could be a bucket for da Knicks
I know a couple bloods but I know a lot of crips
Want vvs on my necklace but the ocean make me sick
Got puma on my body got me feelin like I'm nip

I got it don't trip
I can't be a simp
Can't even bother takin shawty on a trip
These niggas envy you n den dey ask for tips
God wit me so I don't worry keepin it a grip

Ups Imma pack em up
Take em to da trunk
Dat boy outta luck
Imma leave em stuck
Wet that nigga up
Heard he got the runtz
We go stick him up
Imma keep it Tucked
Like a tux
Feeling like I'm guts
Tell that boy wassup
Tell that boy
Hollon
Cold like Minnesota
Bend da back like folder
In her mouth like molers

I can be a center for the Heat
And when it hit the summer time I might just get the jeep
I hit with the step back when I play I'm too elite
I'm stepping on they necks they getting mad because its cleats

I was like wassup
Heard that he been acting up you know he getting pressed up
Talking tough online but man ain't barely have his chest up
619 swing into da rope and caught his neck up
He was blind hit em wit some years and den he fessed up

Ups Imma pack em up
Take em to da trunk
Dat boy outta luck
Imma leave em stuck
Wet that nigga up
Heard he got the runtz
We go stick him up
Imma keep it Tucked
Like a tux
Feeling like I'm guts
Tell that boy wassup
Tell that boy
Hollon
Cold like Minnesota
Bend da back like folder
In her mouth like molers

I got the racks I put em in packs I'm making em double

I'm in the back I'm making my Mac I'm making it crumble
My money its come and so abundant and its buzzin like bumble
My nigga day coming at me I'm sit-in like shawty I'm humble
