

The Final Say

Cochren & Co.

The story was over
The stone was in place
The promise was buried
Or so it seemed for three days
Every demon was mocking
'Til they felt the ground shake
The Word resurrected
Christ is the final say

I am convinced of the power in the Name
That could not be stopped by a cross or a grave
The name that tells death to get out of the way
Christ is the final say
Jesus Christ is the final say

I believe it is finished
Every debt has been paid
His wounds say I'm healed
So I'm standing here singing in faith
I may look like a fool
With this smile on my face
But I know the ending
Christ is the final say

I am convinced of the power in the Name
That could not be stopped by a cross or a grave
The name that tells death to get out of the way
Christ is the final say
Jesus Christ is the final say

Of all of the words in the world I could say
Of all of the prayers in this place I could pray
Of all of the songs I could sing I'll proclaim
Christ is the final say

Of all of the words in the world I could say
Of all of the prayers in this place I could pray
Of all of the songs I could sing I'll proclaim
Christ is the final say
Jesus Christ is the final say

I am convinced of the power in the Name
That could not be stopped by a cross or a grave
The name that tells death to get out of the way
Christ is the final say

Oh, I am convinced of the power in the Name
That could not be stopped by a cross or a grave
The name that tells death to get out of the way
Christ is the final say
Jesus Christ is the final say
