

## I'll send them your way

Cock Robin

You want my love  
Tell me what have you to give?  
What can be done  
When I've my own life to live?  
All that you want is very hard to come by  
No one knows more than I

Who's got the time and the place and the shoulder to  
cry on?  
For all the trouble we face just someone to rely on  
Show me the love of a friend and a dream to get high on  
And I'll send them your way

Only if I could  
It's not that my heart does not bleed  
But where shall I look  
To find all these things that you need?  
If you were but one that somehow had come to me first  
I could not quench your thirst

Tell me who's got the time and the place and the  
shoulder to cry on?  
For all the trouble we face just someone to rely on  
Show me the love of a friend and a dream to get high on  
And I'll send them your way, yeah

Bring to me all that you've lost  
And looked forward to  
All that you've found to be just out of reach  
And I'll send them your way, oh

Umm  
Ohh, all that you've found to be just out of reach  
No one knows more than I

Tell me who, who's got the time  
For all the trouble we face, yeah baby  
Show me, show me  
And I'll send them your way, yeah

And I'll send them your way, yeah  
And I'll send them your way, baby  
And I'll send them your way, yeah  
And I'll send them your way, oh
