

Touched

Cock Robin

Dry your eyes
Cry no more
Help has come
Get off the floor
You're still young

Always thought
You were blessed
But you were touched
And all the rest
Will turn to rust

Someday your love
Will set you free
Way down inside
You'll find a sanctuary

Don't know where
To begin
Chase your tail
Into a spin
Then set sail again

Someday your love
Will set you free
Way down inside
You'll find a sanctuary

Find your place
In the sun
Your enemies
Are on the run
Get off your knees
And go

Come
Just come
