

## Secret Army

Cock Sparrer

Collecting funds for the holy fight  
Like a door to door salesman in the dead of night  
Russian guns help him on his way  
Bought with money from the USA

R:

And the ordinary people say what's it for  
And the ordinary people say we want no more  
But the man at the top knows where to do the most harm  
He's in the secret army

And this man with a gun says not a sound  
I want this aeroplane turned around  
He spent his life learning how to fill a man with lead  
He'll probably spend the rest of it dead.

R:

When a bomb goes off in a city street  
When a man gets killed for his beliefs  
When a mother cries for the son she had  
That's when the world's gone mad

R: (x2)
