

## They Mean Murder

Cock Sparrer

When I was young those stories took me in  
Of G.I.Joe the comic macho man  
They mean murder they mean murder  
Disguised as fairytales  
The hero never fails  
They mean murder they mean murder  
They wave their flags  
They play their anthems loud  
Teach men to kill then teach them to be proud  
They mean murder they mean murder  
The ticker tape parade  
Hides all the waste they made  
They mean murder they mean murder

When governments find that they can't agree  
They settle differences so easily  
They mean murder they mean murder  
Hysteria has spread  
And it's you who ends up dead  
They mean murder they mean murder  
Turn men into machines  
Disguise the truth with dreams  
They mean murder they mean murder
