

New Song

Cockney Rejects

This is a new song
Out with the old
This is a new way
New truth to be told

Don't wanna sing about a factory
I ain't something that appeals to me
Don't wanna be part of the disco craze
And all them bands who wanna change their ways

Don't wanna sing about
The governments ploys
I just wanna make a noise
Let me show you what it's all about
It's gotta be raucous, one big shout
