

99 Demons

Coco & Clair Clair

I've got 99 demons
But I could use one more
He thinks he has my heart
Let me show him the door
You wanna play a game?
Go ahead and sign me up
I've got 99 demons
I've got 99 demons

Hey boy, is there a problem? (Skrrt)
You know that I am reckless
Cat in the hat, dealing with the bat
Bend it like Beckham, acrobat
Saying my name, I'm a demon in a 'Rari
Livin' in hell, I'm the life of the party

I've got 99 demons (Demon, bitch)
But I could use one more (You a demon, bitch)
I've got 99 demons (I'm a demon, bitch)
But I could (Yah, yah, yah, yah)
I've got 99 demons (Demon, bitch)
But I could use one more (You a demon, bitch)
I've got 99 demons (I'm a demon, bitch)
But I could (Yah, yah, yah, yah)
(Hey boy)

I'll pop, lock and drop it (Brrring ping ping)
Then bring it back up
I'm a business bitch
Got all my files backed up
I'll waste your time and your dime as you watch me shine (Okay, okay, alright)
Then catch a case and escape I'm on my way (Brrring ping ping)

I've got 99 demons
But I could use one more
He thinks he has my heart
Let me show him the door
You wanna play a game?
Go ahead and sign me up
I've got 99 demons
I've got 99 demons

(I've got 99 demons but I could use one more)
99 demons can't hold me back
(I've got 99 demons but I could use one more)
Got 99 reasons to attack
(I've got 99 demons but I could use one more)
99 demons can't hold me back
(I've got 99 demons but I could use one more)
Got 99 reasons to attack
